Small black arrows point towards the letters from the top left and top right.

# DIY recycle bottle planter

1. Puncture 3 holes approximately 1 inch apart to the neck of bottle
2. Cut your 2 litre bottle in half.

4. Cut two strings about 4inches long and insert into the neck of bottle.
5. Add water to the base of the planter.

# WHY YOU SHOULD GET A MULLET (ART SCHOOL EDITION)

## YOU CAN GET A MULLET BY YOUR ART FREINDS!

All art students seem to be obsessed with styling their hair, so it's YOUR opportunity to be cool - and you'll get a nice bonding time with your mates.

## IT'S FREE AND HOT!

(most of the time)

(sorry if not)

(I don't take responsibility for that)

## YOU'LL BE COOL!

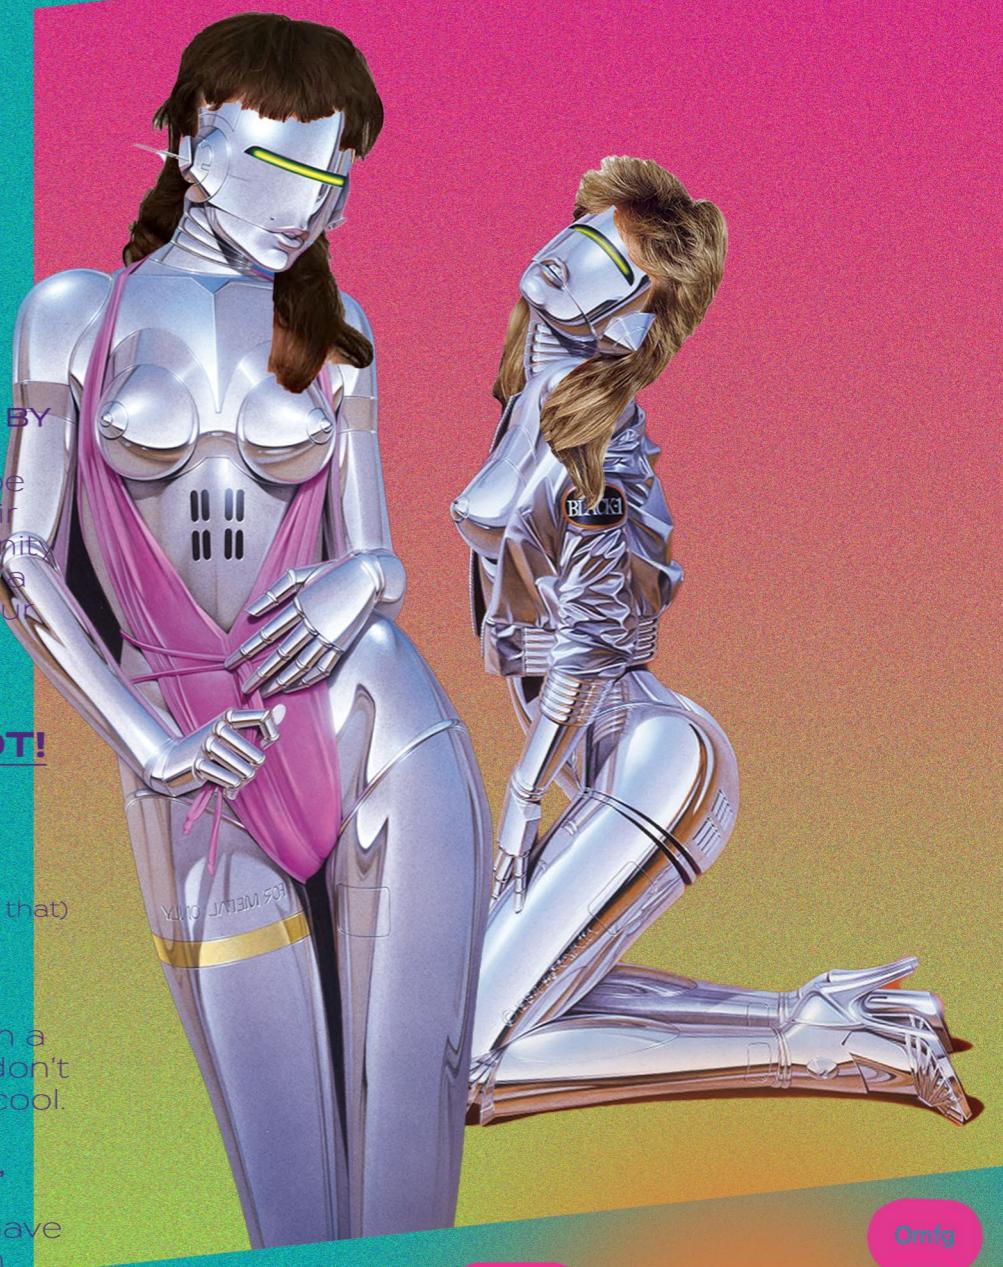

It's scienre that people with a mullet are cool. But they don't say it because that's not cool.

## IF YOU DON'T DO IT NOW, WHEN?

Let's be honest, you still have some time to lose while in school - we don't do much, c'mon. It's fun. You'll see.

## I'LL SAY IT AGAIN BUT IT'S SO HOT!

I can't emphasize this enough.  
The power people with mullets hold is ineffable.

# DARN IT YOURSELF

THEY SAY A STITCH IN TIME SAVES NINE (AND A FEW PENNIES). FAST FASHION IS SO LAST DECADE AND SUSTAINABILITY IS SEXY. CONSIDER YOUR FAV WARDROBE STAPLES WEARABLE DURATION ART IN THE MAKING

WHAT EVEN IS DARNING?

Darning is a type of fabric mending used to reinforce an area of clothing, OR TO REPAIR A HOLE. THE EASIEST WAY TO THINK OF IT IS BEING LIKE WEAVING INTO YOUR FABRIC WITHOUT A LOOM.

YOU'LL NEED:  
-A MUCH LOVED GARM  
-THREAD  
-NEEDLES  
-SCISSORS

non-essentials:  
-EMBROIDERY HOOP  
-DARNING MUSHROOM  
-MENDING WOOL

## TIPS 4 BEGINNERS

- FABRIC SHOULD BE TAUT WHEN DARNING. FOR FLAT AREAS, USE AN EMBROIDERY HOOP, AND FOR ROUNDED AREAS LIKE SOCK HEELS USE A DARNING MUSHROOM (A SMOOTH TENNIS SIZE BALL CAN BE A GOOD DUPE!)
- THE BEST NEEDLES FOR DARNING HAVE A BLUNT TIP. YOU ARE AIMING TO DRAW THE NEEDLE THROUGH EXISTING SPACES IN THE FABRIC, AS OPPOSED TO SPLITTING THREADS.
- TRIM THE HOLE YOU WANT TO DARN BEFOREHAND BY CUTTING OFF EXCESS FRAYING.
- MENDING DOESN'T HAVE TO BE INVISIBLE, NEAT OR BEAUTIFUL. 4 OUT OF 5 TIMES ITS BETTER TO GET TO MENDING BEFORE MORE DAMAGE OCCURS. BETTER UGLY MENDING THAN NONE AT ALL!
- DARNING IS ONLY ONE TYPE OF MENDING, AND THERE'S LOADSA DIFFERENT TECHNIQUES. YOU CAN FIND RESOURCES AVAILABLE ONLINE, OR CHECK OUT HABERDASHERS OR LOCAL SEWING CIRCLES FOR WORKSHOPS.

1) THREAD YOUR NEEDLE WITH A LONGISH LENGTH OF THREAD (DO NOT KNOT THIS, INSTEAD LEAVE A TAIL OF A FEW CENTIMETRES TO BE SEWN IN LATER).

2) MAKE SEVERAL RUNNING STITCHES AROUND 1-2 CM BEFORE THE HOLE STARTS IN THE FABRIC, UNTIL YOU'RE HALF-THIRD CENTIMETRE AWAY FROM THE HOLE.

3) DRAW THE THREAD OVER THE LENGTH OF THE HOLE, KEEPING IT FAIRLY STRAIGHT WITH PREVIOUS STITCHES. ANCHOR THIS IN PLACE WITH SEVERAL MORE RUNNING STITCHES ABOVE THE HOLE. MIND YOUR THREAD TENSION, YOU WANT EVERYTHING TO LIE NICE AND FLAT WHEN WORN.

4) REPEAT STEP 2 AND 3 WORKING OVER THE HOLE, BEGINNING FROM ABOVE AND FINISHING BELOW.

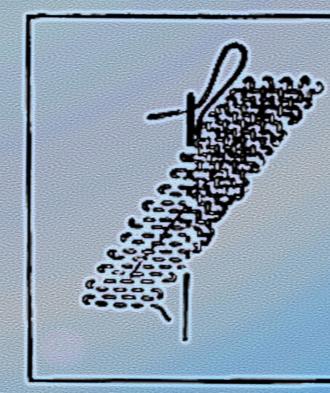

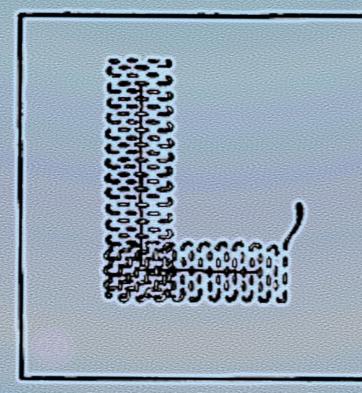

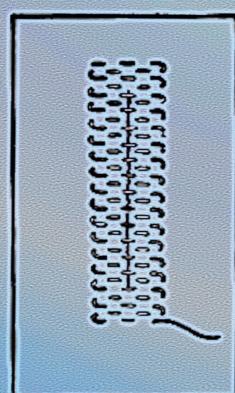

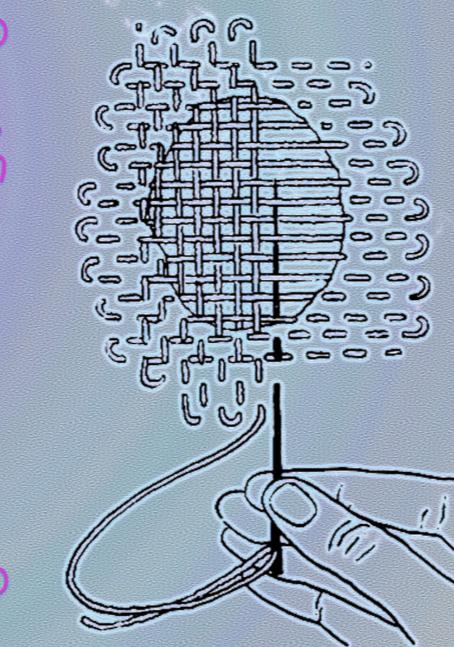

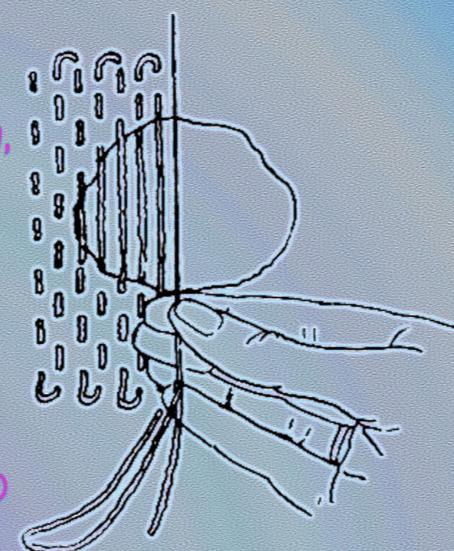

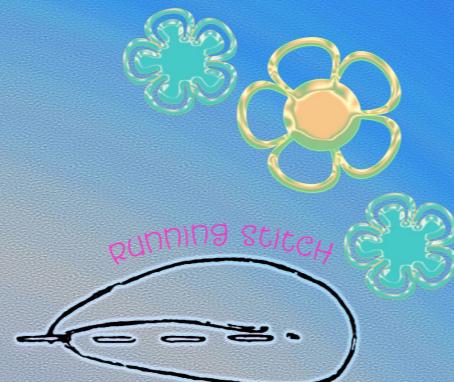

5) REPEAT STEPS 2 TO 4 UNTIL YOU HAVE SPANNED THE WHOLE HOLE. IF YOUR THREAD IS TOO SHORT, LEAVE A TAIL AND CONTINUE WITH A NEW THREAD. WHEN FINISHED CUT THREAD LEAVING TAIL.

6) BEGIN WORKING ACROSS BY FIRST ANCHORING THREAD WITH RUNNING STITCHES BEFORE THE HOLE/LENGTHWISE THREADS. WEAVE THE NEEDLE THROUGH THE LENGTHWISE THREADS ALTERNATING BETWEEN OVER AND UNDER, THEN PULL THROUGH TO THE OPPOSITE SIDE. RUNNING STITCH TO FIX IN PLACE AND STRENGTHEN.

7) WORK STEP 6 AGAIN TO THE OTHER SIDE, WEAVING UNDER THREADS WHICH WERE PREVIOUSLY 'OVER' AND OVER 'UNDER' THREADS.

8) REPEAT STEPS 6 AND 7 UNTIL THE HAVE CREATED A WOVEN PATCH OVER THE ENTIRE HOLE.

9) WEAVE IN LOOSE THREAD TAILS INTO THE DARNING AND TRIM EXCESS.

MENDING DIFFERENT SHAPED TEARS

## MEDITATIONS FOR CONSCIOUS MENDING

LOOK AT WHAT YOU'RE REPAIRING. WHEN DO YOU USE IT? WHAT MEMORIES DO YOU ATTACH TO IT? WHY AND WHERE AND WHEN DO YOU WEAR IT? IS IT COMFY? IS IT PRACTICAL? HOW DO YOU FEEL WHEN YOU WEAR IT?

WHAT PART OF THE GARMENT ARE YOU REPAIRING? WHY DOES IT NEED REPAIRED? DOES IT NEED REPAIRED OFTEN? WHAT TYPE OF STRESSES ARE PUT ON THE FABRIC AND THE STITCHES? DOES IT STRETCH OR PULL OR TWIST IN A PARTICULAR WAY? HOW DOES IT MOVE WHEN YOU MOVE? HAS IT TORN? HAS FRICTION WORN IT AWAY? IS IT STAINED OR FADED?

WHERE DID THE GARMENT COME FROM? WAS IT A GIFT? WAS IT NEW OR SECOND HAND? HAS ANYONE ELSE WORN IT? HOW FAR HAS IT TRAVELED? HOW MANY HANDS HAS IT PASSED THROUGH? WHAT IS IT MADE OF? HOW WAS IT MADE? WHO MADE IT? DID IT REQUIRE SPECIAL SKILLS? WERE MACHINES INVOLVED IN MAKING IT? WHERE WERE THE MATERIALS SOURCED? HOW DO YOU THINK THE MAKER FEELS ABOUT IT? WHAT HAPPENS WHEN YOU DON'T WANT IT ANYMORE?

**New! Airhead AUGMENTED REALITY**

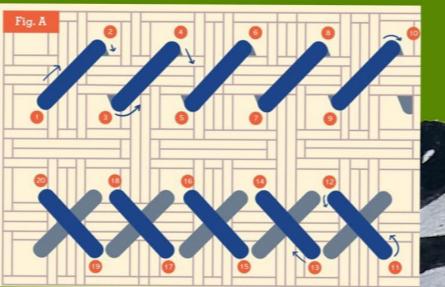

We are used to creating her world. Now she controls the narrative.

Through Augmented Reality, The Doll will take you into her bedroom where she may perform, carry out a hobby or chill. In this world, everyone can be who they want without being questioned or having to justify themselves. A world in which gender is not a set of rules in a power dynamic but free form expression. It is a place to be unapologetically femme. The bedroom has always been a space that is safe, exploratory, relatable and sacred to the identities we form. Our Dolls subvert traditional expectations associated with gender and sexuality by leaning into the caricature of femininity.

# CROSSTITCH AND EMBROIDERY

1. CENTRE AIDA FABRIC TO EMBROIDERY HOOP.
2. CUT LENGTH OF EMBROIDERY FLOSS APPROXIMATELY 12 INCHES LONG.
3. EMBROIDERY FLOSS IS MADE UP OF SIX STRANDS. MOST CROSSTITCH PATTERN USE TWO STRANDS AT A TIME. AFTER CUTTING THREAD, CAREFULLY SPLIT OFF TWO STRANDS AND THREAD IT THROUGH A TAPESTRY NEEDLE.
4. FOLLOWING THE PATTERN, BEGIN STITCHING FROM LEFT TO RIGHT. TO STITCH A ROW WITH THE SAME COLOUR THREAD, START AT THE BACK OF THE FABRIC AND BRING THE NEEDLE TO THE FRONT (AT #1), LEAVING A TRAIL AT THE BACK OF THE FABRIC. AS YOU BEGIN STITCHING, HOLD THE TAIL AGAINST THE BACK OF THE FABRIC SO THE FIRST FEW STITCHES CATCH THE TAIL AND SECURE IT.
5. PULL THE THREAD THROUGHT, THEN PASS IT THROUGH THE BACK OF THE FABRIC (AT 2). PASS THE NEEDLE TO THE FRONT OF THE FABRIC (AT 3), AND THEN TO THE BACK OF THE FABRIC (AT 4). CONTINUE CREATING A ROW OF DIAGONAL STITCHES OR BEGIN USING YOUR PATTERN AS YOU PLEASE; WHILST REPEATING THE PATTERN.

J'ai lu un écrit ancien racontant que l'écriture arabe était apparue au VIII<sup>e</sup> siècle. Je ne me souviens pas de cette époque de 1937. Mais j'ai gardé mes articles et les manuels de l'admirable Kabylie. J'aime bien la poésie kabyle, mais ses vers sont si courts, je n'ai rien pu faire.

Anaïs Serres is a French-Nicaraguan artist whose interests are shifting from meaning to lack thereof, language to silence. She enjoys confusing the audience with playing around the limit between what's life and what's art.

She uses a variety of media including embroidery, writing, video, sound and installation to try to find a place between conscious and unconscious that she calls 'in-between'. The current situation has made language and communication an even more interesting topic for her as she has been self-isolating in London.

Francesca is an Italian artist specialised in digital art and mixed media. During her creative and personal path, she's been exploring a multitude of disciplines, including photography, video art, sound design, installation and performance.

Francesca's practice follows the 'rules' of the improvisational theatre: once a scenario or a set is designed and built, professional performers and random people are asked to interact with it. Her approach can almost be considered a social experiment, where the scenario and the characters interact organically and spontaneously.

Isabelle Nair-Lacheta is a Malaysian Interactive Media Designer and Artist based in the Netherlands.
